You are responsible for your book!

Grade Breakdown

Assignment Weights

Classwork: 40%

Assessments: 20%

Projects: 20%

Quizzes: 10%

Participation: 10%

Class Summary

This class will explore the Earth as a system and the interaction of the atmosphere, hydrosphere, lithosphere, and biosphere. Students will learn key concepts, participate in hands-on activities, and develop critical thinking and scientific communication skills, all through the lens of faith and science as complementary modes of knowledge.

Other Important Policies

- See homeroom syllabus for all behavior and related policies
- Any late classwork or homework assignments will receive no more than 50% if completed within three days past the due date (does not apply to excused absences)
- You have the number of days you were absent (excused absence) to complete any work you missed while away
- Heavy use will be made of your planner, which will be the primary means of communicating homework/events to you. Make sure you bring it to every class.
